Evidence Processing: Crime Scene to Courtroom Basics

Minnesota POST approved seminar #10444-0009

Register at: **Evidence Processing**
or at www.on-targetsolutionsgroup.com

This foundational course is designed for any personnel assigned to Patrol, Investigations and Fire Scene duties, empowering them to identify, collect and record commonly encountered evidence at crime scenes. Skill sets learned can increase your agency's case clearance rates and successful courtroom prosecution efforts, while simultaneously building public service satisfaction levels and their confidence in investigative efforts.

Training encompasses on-scene application of forensic scientific principles and is presented in a concise-immersive style utilizing lecture and hands on exercises. Upon completion attendees will be able to perform basic crime scene processing and recovery efforts.

- Note: Individually owned flashlight use is encouraged during classroom practical exercises. Students can bring any other available camera or forensic equipment to build confidence-familiarity of use during the training. Practice materials will be provided at the training.
