

Hello All,

This is a notification to inform you that Axon Training is now fully transitioned off of schedule.axon.com for CEW course scheduling, payment, and enrollment.

We are now solely utilizing Axon Academy (academy.axon.com) for all course registration and online courseware. Walkthroughs on navigating the new registration process can be found below.

NOTE: Axon Academy's login is now run through the Axon Store — if your Academy credentials do not work on the Store login, please register for an Axon Store account using the same email and allow for 24 hours for the account to be created. To return back to Axon Academy from the Axon Store once you are logged in, click 'Training' then 'Axon Academy' in the store header.

Additionally, in the next 2 weeks, our MIS courses and online application form will be live on Axon Academy, so be on the lookout for those to be posted under the 'CEW Course Schedule' calendar. In the meantime, find our 2020 schedule below:

1. **Los Angeles, California** - Dates: March 2-6, 2020
2. **Columbus, Ohio** - Dates: May 18-22, 2020
3. **Toronto, Ontario** - Dates: October 5-9, 2020
4. **Baton Rouge, Louisiana** - Dates: November 16-20, 2020

Last but not least, starting January 1 we will be certifying all instructors at Axon hosted courses on all three CEW handles. If you have questions or concerns, please reach out to lcousins@axon.com.

Thank you as always for your support, and have a happy and safe 2020.
